TOWN COUNSEL

December 18, 2006

The Honorable Kevin J. Martin
Chairman
Federal Communications Commission
445 12th Street SW
Room #8-B201
Washington, DC 20554

Dear Chairman Martin:

As former acting Town Manager, I am writing this letter in support of the grant of the license application filed recently by M2Z Networks, Inc.

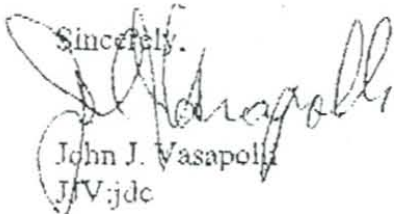

I have been Town Counsel for twenty-five years and know that towns like Saugus need to offer a range of online services from educational programs to residents services to public safety. Networks like that proposed by M2Z will provide cities and towns more choices to achieve their communications goals.

The M2Z network will also give cities and towns new competitive options that will help bring about savings and improved services.

The public interest will be served by your approval of the application.

Thank you for your consideration and attention.

Sincerely,

John J. Vasapolla
